

United States Senator  
Sam Brownback  
(Republican-Kansas)

Dear faithful Citizen,

Every day, over 3,500 babies are killed by abortion in the United States.

That's over 1.2 million abortions every year - and nearly 51 million total since 1973's Roe v Wade decision.

During the time it takes you to read this letter - five babies - unique and innocent - will fall victim to the abortion slaughter in this country.

And as I write, Congress is considering a bill - called the Freedom of Choice Act - to reverse the ban on the gruesome Partial-Birth Abortion procedure!

**\*\* And to make matters worse, Barack Obama made this chilling vow: \*\***  
**\*\* "the first thing I'd do as President is sign the Freedom of Choice Act." \*\***

Will you help me combat this imminent threat by signing the enclosed STOP THE FREEDOM OF CHOICE ACT petition to the U.S. Senate?

This bill might as well be called the "Partial-Birth Abortion on Demand Act" - and it is now Obama's #1 priority!

I know you remember the evil that is Partial-Birth Abortion:

An innocent child, seconds away from taking her first breath, is suddenly killed by a doctor who stabs her in the back of her head.

The tiny baby, almost completely delivered at this point, often twitches in pain before dying.

It may sound harsh and brutal... but it's true. Everything about partial-birth abortion is harsh and brutal.

You and I both know that partial-birth abortion is murder - plain and simple.

That's why you and I fought so hard to see that it was ended. But the deep-pocketed pro-abortion lobby will stop at nothing to bring back this grisly procedure.

Well, that's why I need to know if you'll join with me today.

Will you help us ensure that this gruesome procedure does not rise again from the ash-heap of history?

If so, please rush me your signed **STOP THE FREEDOM OF CHOICE ACT**

petition to the U.S. Senate.

I'm sure you are as alarmed as I am to learn that even our hard-won ban on Partial-Birth Abortion is in danger.

And it will alarm you even more to learn that five Catholic senators are among those sponsoring this disgraceful legislation in the Senate.

These politicians openly and unabashedly claim to be Catholic - every year at election time.

And then - once in office - they willfully cast life-destroying votes at every turn.

I know this because I've battled them every time a piece of good, pro-life legislation comes before the U.S. Senate.

This should gravely concern anyone who is pro-life!

Even if you are not Catholic - but share a respect for the sanctity of human life - we all reap the consequences of the votes cast by these radical, pro-abortion Catholics.

These liberals siphon off huge chunks of "values voters" who are tricked into sending radical, "abortion-on-demand" politicians to represent them in Washington, DC.

I can't tell you how harmful this is to our efforts to pass pro-life legislation - and to defend against awful bills like the now pending Freedom of Choice Act.

Will you join with me so that together we can restore the moral conscience of our nation?

I am committed to ending this shameful practice - and to defeating the Freedom of Choice Act.

That's why I'm proud to work with Catholic Advocate.

My good friend, Deal Hudson, is the founder of Catholic Advocate and he is leading the charge to expose these politicians who hide their pro-abortion record behind a "smokescreen of faith."

Catholic Advocate's mission is to be the authentic Catholic voice in the media and public policy arenas by:

- \* \* Standing for the unborn by fighting to preserve common-sense restrictions like the Partial Birth Abortion ban.
- \* \* Mass distributing their Scorecard of Catholics in Congress and their voter guide: How to Vote Catholic.
- \* \* Making regular appearances on Radio and TV news outlets.

**\*\*** Building a powerful grassroots network to mobilize  
when vital Catholic issues are being debated in Congress.

Catholic Advocate is truly on the front lines of the culture war and they are a strong ally in my work in the Senate.

*That's why I've joined with Catholic Advocate to fight the politicians who are trying to revive the gruesome Partial Birth Abortion procedure...*

...so that we can beat this bill in the Senate.

And with your help - and your signed **STOP THE FREEDOM OF CHOICE ACT** petition - I am confident we can do just that.

I can't tell you how grateful I am that Catholic Advocate has my back in this fight.

It is so important that we ask our "Catholic" politicians to vote in accord with our traditional moral values.

The five senators seeking to bring back Partial-Birth Abortion need to hear from good people of faith.

Real Catholics need a new voice - not the likes of Ted Kennedy and Nancy Pelosi who have campaigned as Catholics while voting to undermine the values that we hold most dear.

The same can be said for the five "Catholic" senators sponsoring the Freedom of Choice Act, namely:

John Kerry (D-MA), Barbara Mikulski (D-MD), Bob Menendez (D-NJ), Patty Murray (D-WA), and Maria Cantwell (D-WA) } is:

It is with Christian charity - and in fraternal correction that we say to them:

**You can't be both Catholic and Pro-Abortion!**

And our message to the rest of the Senate: Faithful Citizens across this great country will not stand for a return of Partial-Birth Abortion!

Catholic Advocate is bringing important pressure to bear on this heated debate in the Senate...

...but this fight can't be won alone - we need your help and your voice - joined together with thousands of others - to reach our goal.

Remember, so much is at stake - **especially with a pro-abortion radical like Barack Obama in the White House** - and that's why I need your immediate response.

## **Petition to the United States Senate**

*WHEREAS, Partial-Birth Abortions are never medically necessary and Congress, in passing the Partial-Birth Abortion Ban, found that these procedures amount to "legalized murder" and should accordingly be outlawed; and*

*WHEREAS, the Supreme Court upheld the Ban on Partial-Birth Abortion; and*

*WHEREAS, Barack Obama has given top priority to FOCA in order to nullify the Supreme Court's decision; and once again legalize the gruesome practice of Partial Birth Abortion,*

***THEREFORE** I urge you to protect the ban on Partial-Birth Abortion by **opposing** the Freedom of Choice Act.*
