 56 YO FEM. PT IS NOT ABLE TO ANSWER ANY QUESTIONS RIGHT NOW. UNK MEDICAL
 HISTORY. SHE IS GRIPPING HER CHEST REALLY HARD. DID HIT HER HEAD WHEN SHE
 PASSED OUT. THEY ARE HOLDING C-SPINE CONTROL
 HAVE RESCUE RESPOND TO THE SEASONAL SIDE - CLOSEST TO THE PATIENT
 PT CAN BARELY TALK.
 PT FEELS WARM TO THE TOUCH. PT HAVING DIFF SWALLOWING.
 THE SEASONAL SIDE SHOULD BE THE SECOND DOOR INSTEAD OF THE FIRST DOOR
 THEY USUALLY COME IN
 KEEPS SHAKING HER RIGHT HAND AS IF SHE'S IN LOTS OF PAIN
 SEASONAL DOOR #16E
 SAYS LIKE SOMETHING IS SITTING ON HER CHEST.
 PT IS SWEATY. PAIN IS ALL ON HER CHEST, DOWN HER ARM, AND IN HER BACK
