

SENATE DEMOCRATS

ON YOUR SIDE:

Democrats Moving Us Forward
While Republicans Take Us Back

Democrats are on the side of the middle class. We are fighting to cut taxes for small businesses and middle-class Americans, end tax cuts for CEOs who ship American jobs overseas, and create clean energy jobs that can't be outsourced.

Republicans are on the side of Wall Street bankers and CEOs. They support tax cuts for corporations who ship jobs overseas. But their economic policies failed under President Bush. Millions of people lost their jobs, the deficit exploded and the middle class got hammered. Now they want to return to the same failed policies of the past. We can't afford to go back.
