**14. Internet advantage**

One advantage of the Internet is that it allows people to meet and stay in touch with lots of people. One disadvantage of the Internet is that people are communicating more through computers and not face-to-face. In your opinion, which is greater the advantage of more communication or the disadvantage of it not being face-to-face?

# HuffPost: Survey questions revisited

December 27 - 29, 2018 - 1000 US Adults

<b>Interviewing Dates</b>	December 27 - 29, 2018
<b>Target population</b>	U.S. citizens, aged 18 and over.
<b>Sampling method</b>	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2016 American Community Study. Voter registration was imputed from the November 2016 Current Population Survey Registration and Voting Supplement.
<b>Weighting</b>	The sample was weighted based on gender, age, race, education, and 2016 Presidential vote. The weights range from 0.308 to 3.591, with a mean of one and a standard deviation of 0.524.
<b>Number of respondents</b>	1000
<b>Margin of error</b>	± 3.5% (adjusted for weighting)
<b>Survey mode</b>	Web-based interviews
<b>Questions not reported</b>	50 questions not reported.
